Presidency Flash

Brussels, 21 June 2021

Informal videoconference of the members of the Working Party on Technical Harmonization (Machinery)

Dear Colleagues,

On Tuesday, 22 June 2021, the Working Party (WP) on Technical Harmonization will meet via videoconference, for an afternoon session, starting at 14:30, for the last meeting under the Portuguese Presidency.

The WP will continue the thematic discussions regarding to the Commission proposal for a Regulation on Machinery Products.

The plan is to discuss two additional clusters, in particular the empowerments for delegated and implementing acts and the related annexes.

Delegations are invited to exchange views with the Commission and seek clarification on both issues, in order to get a better understanding of these important topics of the legislative text.

Afterwards, the incoming Slovenian Presidency will share with us its priorities in the area of Technical Harmonization, for the next semester.

Please do not hesitate to contact us should you have any further questions.

We are looking forward to seeing you all tomorrow!

The Portuguese Presidency Team
