WORKING DOCUMENT

From: To:	General Secretariat of the Council Delegations
N° Cion doc.:	ST 11722 2025 INIT + ST 11722 2025 ADD 1
Subject:	Regulation amending Regulation (EU) No 1308/2013 (CMO) as regards the school scheme, sectoral interventions, the protein sector, hemp, marketing standards, import duties, the availability of supplies and securities - Presidency suggested amendments in table format

For ease of reference, the annex to the document contains the same text as document 11317/26, but in the form of a table.

Proposal for a REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL amending Regulation (EU) No 1308/2013 as regards the school fruit, vegetables and milk scheme ('EU school scheme'), sectoral interventions, the creation of a protein sector, requirements for hemp, the possibility for marketing standards for cheese, protein crops and meat, application of additional import duties, rules on the availability of supplies in time of emergencies and severe crisis and securities

17		(5) The production of protein crops in the Union faces persistent difficulties, due in particular to volatile supply and demand at local level and the agronomic challenges of their cultivation, which make them a higher-risk option for farmers. In order to support their production and reduce the Union dependence on imports for high-quality proteins, it is appropriate to create a distinct protein crop sector in Annex I to Regulation (EU) No 1308/2013. Furthermore, in order to facilitate the setting up of producer and interbranch organisations in the protein crop sector, and thereby strengthen the value chain at regional, national and transitional level, its recognition should be made mandatory. As the main products of the dried fodder sector listed in Part IV of Annex I to that Regulation should be included in the protein sector, the dried fodder sector should be removed from Regulation (EU) No 1308/2013.
